
SPECIAL USE APPLICATION

Application, Instructions, and Information

Troup County
Community Development

PLEASE READ CAREFULLY BEFORE APPLYING.

THIS APPLICATION DOES NOT ENSURE A PERMIT OR LICENSE WILL BE ISSUED.

First, check to see if the subject property (the property for which the Special Use is requested) is governed by any restrictive covenants. Restrictive Covenants are private restrictions on the use of land and are basically private agreements or contracts. They are usually recorded either on a deed, subdivision plat, or as an addendum to a subdivision plat. Restrictive Covenants are legally binding upon all property owners referenced on the deed or subdivision plat, including subsequent owners, for the time period as established on the deed or plat.

Since they are private agreements or contracts and Troup County is not a party to the covenant, only the parties subject to the covenants may enforce them. Troup County cannot enforce private covenants. In order to enforce covenants, affected persons will need to file a civil action in Superior Court. A lawyer should be contacted to assist with the filing. If the requested Non-Conforming Use and/or Structure violates your property covenants, you might become the focus of a civil action. A Special Use approval is not authorization to violate covenants and will not protect you in a lawsuit or civil action brought by your Property Owners Association, land lord, or property manager.

For information about obtaining a copy of your subdivision covenants, please contact your Home Owners' Association or the Deeds & Record's Office of the Clerk of Superior Court located at the Troup County Government Services Center between the hours of 8:00am and 5:00pm, Monday through Friday, except holidays.

Troup County, Georgia, Special Use Application

Troup County is a great place to live, work and play. Troup County boasts a diverse economy and offers a wide variety of living options. Troup County Commissioners, management and staff have worked and listened to residents who have said there should be a balance between our agricultural and rural past along with opportunities for growth and success.

The Troup County Zoning Ordinance is the result of many months of planning and public meetings where residents and professionals expressed opinions, desires and beliefs to propose policies. Taking all of these into consideration, the Board of Commissioners ultimately approved the standards outlined by the Zoning Ordinance, and the zoning districts expressed on the Zoning Map. As a result, some land (and structure) uses are permitted 'by right' in the various zoning districts. Others may require approval as a Special Use Permit.

Uses are either permitted 'by right' in the zoning district, not permitted, or permitted with a Special Use approval. The Permitted Uses Tables are too lengthy to be duplicated here, but may be found in the Troup County Zoning Ordinance.

Special Use Applications

Applications for Special Use Permits are heard first by the Board of Zoning Appeals and Planning Commission (BOZAPC) which recommends approval or denial to the Board of Commissioners (BOC). The BOC will consider the following standards:

- The available existing street system is adequate to efficiently and safely accommodate the traffic that will be generated by the proposed use or development.
- The existing public utilities, facilities and services are adequate to accommodate the proposed use or development.
- The use or development will not generate or cause conditions such as noise, light, glare, or odor or similar objectionable features which would reduce the value, use or enjoyment of surrounding properties.
- The use would not have a detrimental environmental impact on the surrounding area.
- The use would not adversely affect the health, safety, and general welfare of the community.

Uses identified under Article V, Supplemental Regulations may carry additional items of review.

If at any time after approval the Zoning Administrator finds that the conditions imposed and the agreements made have not been or are not being fulfilled by the holder of a special use permit, the permit shall be terminated and the use discontinued until in compliance with the conditions. Each application shall contain a Site Plan of the proposed location to scale, showing the following:

- The general location of all existing structures and property lines;
- Present zoning of adjacent property; the existing use of adjacent property;
- Location of proposed buildings and land use; a legal description of the property; setbacks;
- Parking spaces, if applicable.
